

## COVID-19: HYGIENE & CLEANING

We have enhanced cleaning measures, after each performance. These seek to disinfect high-frequency touch points including doors & doorplates, bars, tables and chairs, taps, door handles, handrails, arm rests, ticket scanners and card payment machines

We have deep cleaning measures in the event that a customer or member of staff is discovered to have COVID-19

We have Personal Protective Equipment (PPE) requirements for a range of activities that staff and stewards routinely perform

It is mandatory for all our staff and stewards to wear face masks

As with our staff, we request that all our customers uphold the highest possible hygiene standards through social distancing, wearing a face covering whilst in the venue, regular hand washing or the frequent application of hand sanitiser

All our staff and stewards participate in ongoing COVID-19 specific training
